

Overview

Delivered in partnership with Strada Care, the Sector Based Work Academy Programme provides participants with the skills and qualifications to progress into an apprenticeship, job or higher-level training in the care sector. The 5-week intensive training course will support people in gaining the knowledge and confidence to get into work through training, work experience and guaranteed interview.

Successful Candidates Will Benefit From:

- A fully funded training opportunity
- Qualifications in Safeguarding, Health + Safety and Equality and Diversity
- Employability Skills
- Introduction to the care sector
- Essential Digital Skills
- Work placement
- Guaranteed interview

Potential Roles in Employment After the Course:

- Support worker
- Team leader
- Management: house manager, registered CQE service manager
- Future possibilities: HR officer, admin assistant, marketing assistant
- Lots of skills are transferable and recognised as part of the project, work placement and at interview
